environmental
protection

Treasure Hunt Game (10 steps of the game)

1. Selection of theme

2. Determination and detection of the field and its characteristics

3. Initial visit without the students (starting-finishing point, stations, activities)

4. Definition of terms (national parks, flora, fauna, decomposition, measurement, fires, waste, food chain)

8. Writing of documents and directions

7. Orientation

6. Tests (collaborative, cognitive, social)

5. Adjustment of the terms to the field and selection of stations (selection & marking of points & selection of the way that the terms will be approached)

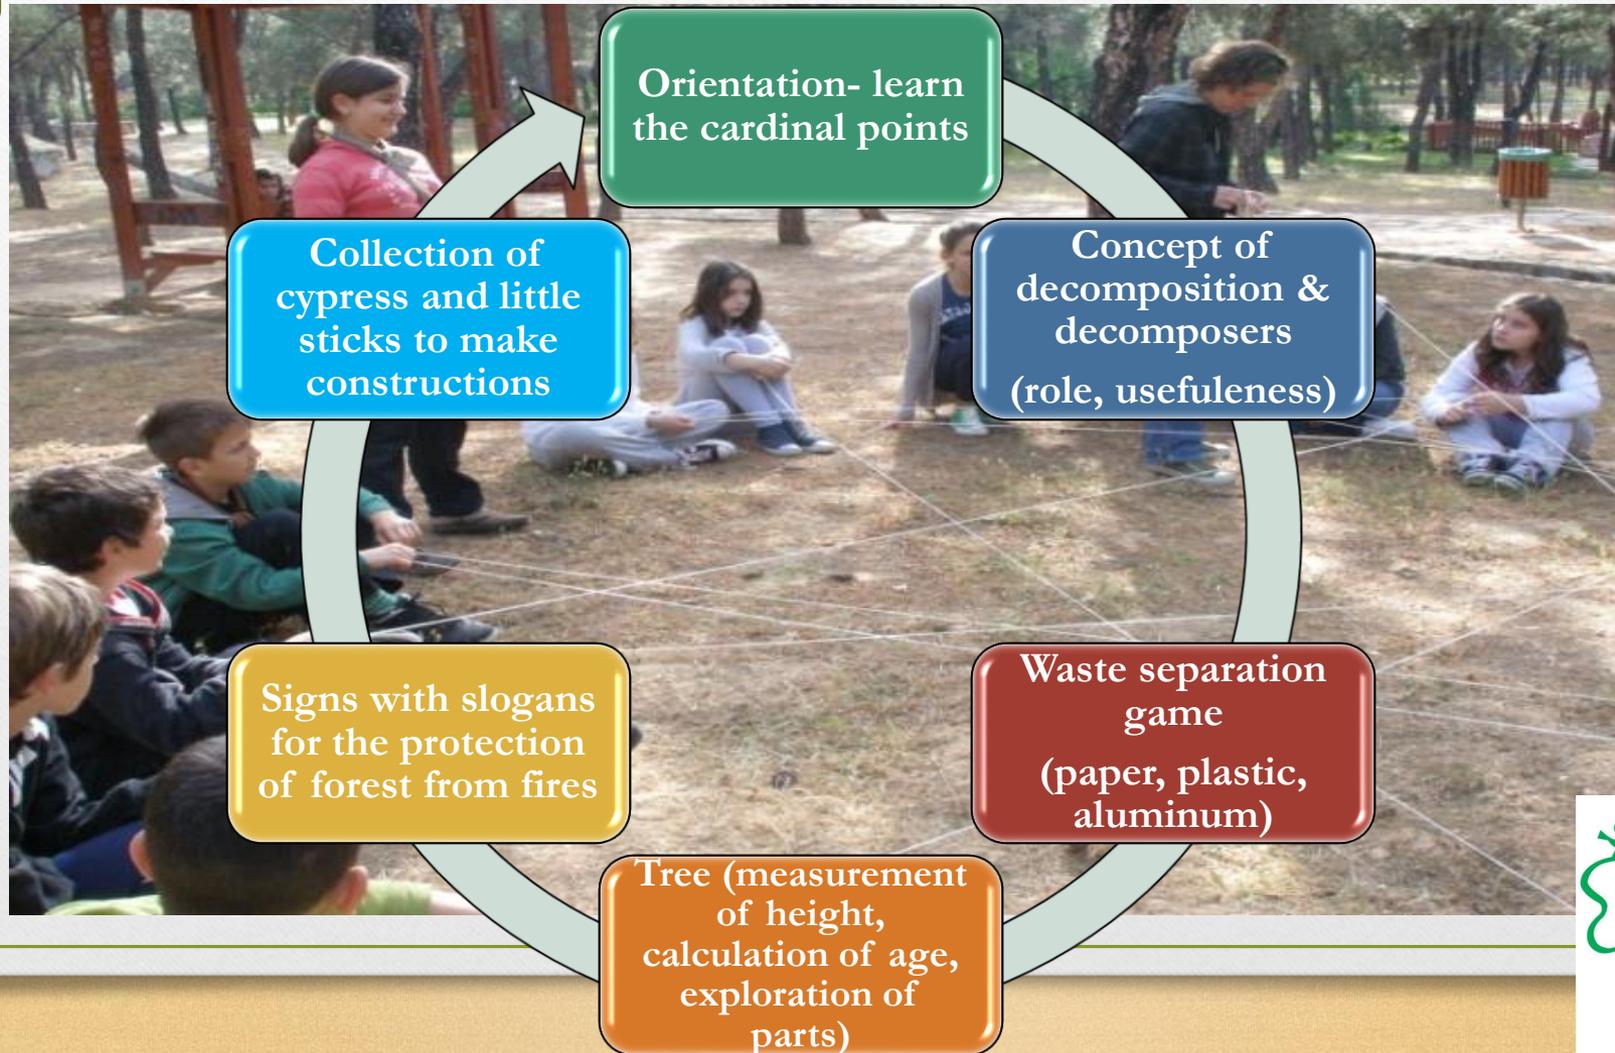

9. Discussion

10. Evaluation

Treasure Hunt Game (indicative activities and actions)

Treasure Hunt Game (concluding remarks)

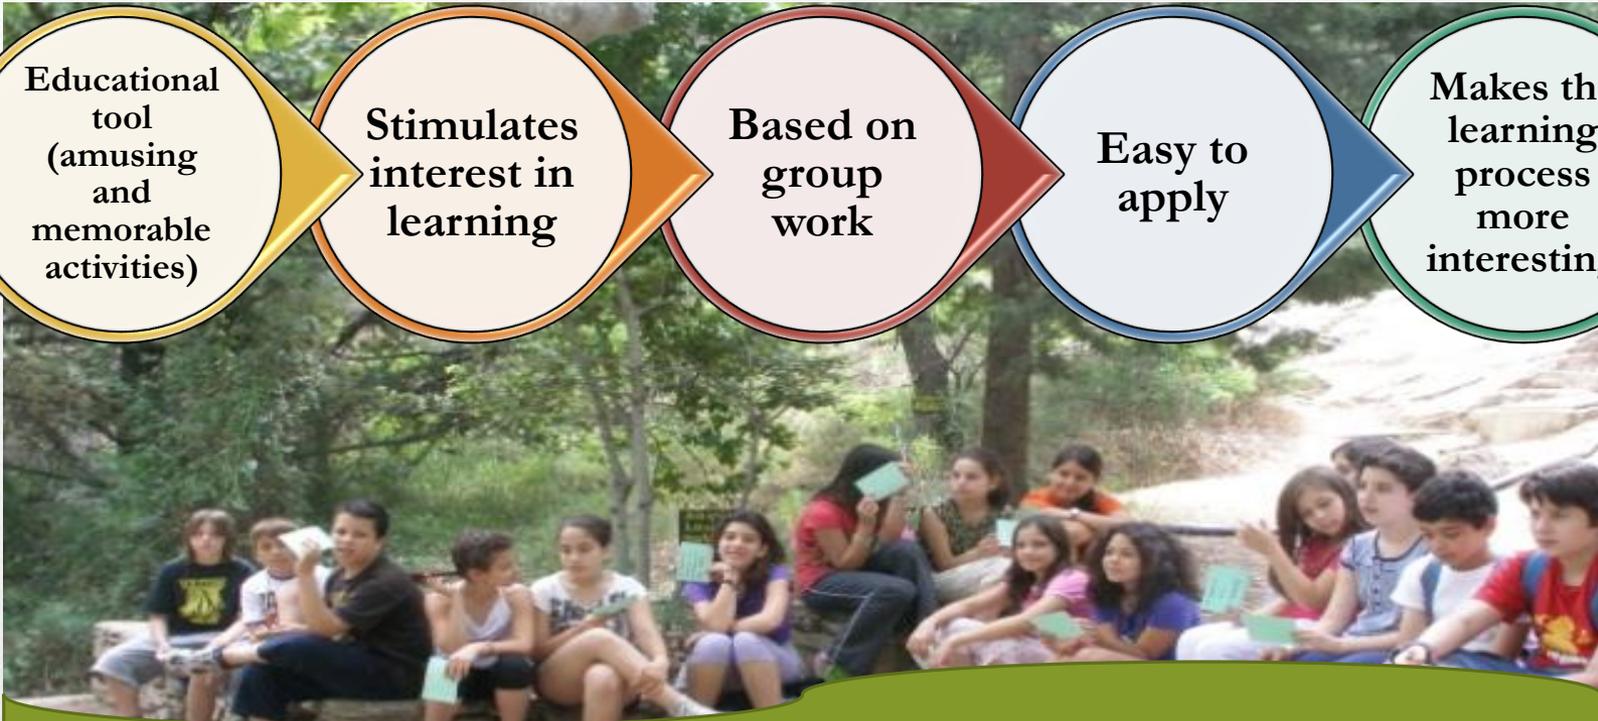

Educational
tool
(amusing
and
memorable
activities)

Stimulates
interest in
learning
